Book Title: Peter and the sheep

This story is about a farmer named Peter. He loves his sheep and he raises his sheep with his heart. One day, Peter had to buy some hay for the sheep. But then a very fierce lion was coming towards the field where the sheep were. When the farmer came back, he saw the lion trying to eat one of his sheep. At the end, the farmer killed the lion with his gun and he saved the sheep.

I like the story because it is very meaningful. I learnt that we must protect others. I'll protect my mother when I grow up. Don't attack others.
