### Book Report

Book Title: A Day at Greenhill Farm ①②  
This book is about the writer going to

Greenhill Farm early in the morning. He saw  
a lot of animals there. He heard a lot of  
animals sounds and farm animals habits. He  
left until night. He felt very happy.

I was happy and felt relax because there  
was too much knowledge that I don't know.

I learn that we shouldn't be mean to the animals  
and hurt them. I also learn what farmers

do all day. I wish to visit farms too!

I will be careful to animals or any useful tools.

I will join some field trips about farms.
