Book Report

Title of the book: **It's Not Fair**

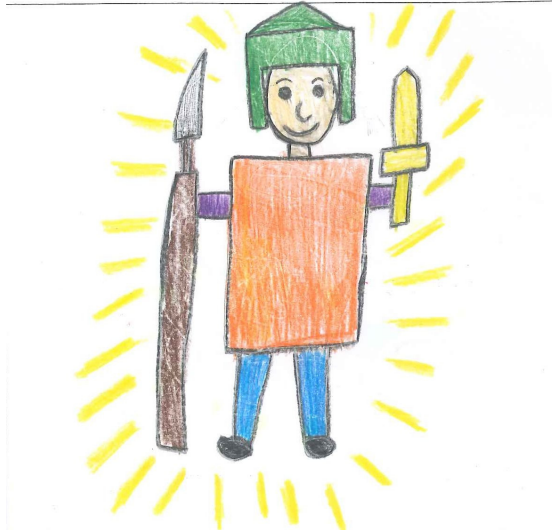

This story is about a girl called Biff. One day, her teacher had a new story. It was about a king and his knights. They lived a long time ago. One day, they did a project together. But Biff wanted to be a knight. She said, "Why can't girls be knights?" Biff thought it was not fair!

I like the story because it is so funny. Also, the plot is very exciting and I enjoy reading it.

My favourite character is Biff. I like her because she is so smart and brave.

My New Story Ending

At last, Biff became the knight in the magic world because she helped King Arthur solve the problem. She felt very happy.
