Write Curious George an email.

Hi Curious George,

I am really glad to write you an email. I like reading stories about you and I like you very much because you got trouble but you didn't escape. You helped the library volunteer to tidy the books.

I read a book called "Curious George Visits the Library". My favourite character is the library volunteer. He was kind when you pushed the cart and crashed down the books from the bookshelf. He also gave you a library card. He was very nice.

You need to be patient and always ask for help when you don't know how to do anything.

Please write soon.

From,
Kelvin Tsang
