Book Report

Title of the book: Daniel And The Lions

I like the lion because it is cute.

This book is about Daniel and the King. He lived a long time ago in Jerusalem. When he was young, he lived with other boys. Daniel prayed to God every day. He lived at the King's palace. He was very good at telling people what their dreams meant. He was made a ruler. The King made a law. Daniel did not obey it. He knelt by his window three times and prayed to God. The King was sad. The King put Daniel into a pitfall of hungry lions. The King was so upset. The King put the other rulers into the pitfall. I feel cheerful.

I like the story most because the story is fun.
