

Name: Leung Ka Man, Carman ( 15 ) Class: 6A

Biography: Write about a famous person and draw his/her picture.

A famous person

The famous person I want to write about is Florence Nightingale. She was born on 12<sup>th</sup> May, 1820 in Florence, Italy. She died in 1910.

Florence Nightingale was a diligent nurse and a remarkable statistician. She was very famous because she was good at taking care of patients. Also she established a nurse training school. Florence Nightingale was a kind, loving and caring person. When there was a war in Crimea, Florence Nightingale went there and cured the wounded soldiers. Each night Florence Nightingale walked in the corridors in a gloomy hospital, carrying a lamp to light her way. And so people called her the "Lady with the Lamp".

I really like Florence Nightingale. It is because although she was rich, she was not afraid of hard work. I also learnt a lot of things from her. I have learnt to take care of weak people. I have also learnt not to give up when I have difficulties.
