Write Curious George an email.

Hi Curious George,

I am really glad to write you an email. I like reading stories about you and I like you very much because you are cute and funny. In every book you face a lot of difficulties and challenges, but in the end you always make everything alright and everyone is happy.

I read a book called "Curious George Goes to the Hospital". It's about you eating a jigsaw puzzle. You go to the hospital and stay at the children's ward. My favourite part is when Steven got off the go-cart learning how to walk, you got on the go-cart and sped down the ramp and crashed into the mayor and some nurses. You made Betsy laugh and everyone was happy. You should not ride on Steve's go-cart and you should never eat a jigsaw puzzle!

See you next time!

From,
Iann
