

Name: Wong Shu Lam, Sue ( 22 ) Class: 6A

Biography: Write about a famous person and draw his/her picture.

A famous person

The famous person I want to write about is Anderson. He was born on 2<sup>nd</sup> April, 1805 in Denmark. And he died on 4<sup>th</sup> August, 1875 when he was seventy years old.

He was a writer. He wrote many famous children stories. There were some reasons why he was so famous. First, many people supported him and helped him. Second, he kept on trying even if he failed many times. The last one was that he read a lot of books so he could write many good stories.

I think he was a hard-working person. Although sometimes people didn't like his writing, he never gave up. In his spare time, he liked reading books and made a stage play by some bottles.

I like this person because he wrote many amazing stories. His stories are easy to understand and interesting. I have learnt that reading books is very important. I also learnt that I need to work hard if I want to achieve a goal.
