

Name: Chung Man Ching, Aisha (8) Class: 4A Date: 21st March, 17

Imagine you need to leave your home today and live on an island alone. If you can only bring three things with you, what will you bring?

If I need to live on an island and I can only bring three things with me, I will bring the following things. First, I will bring a torch because when it is getting dark, I can use it to see everything around me. Next, I will bring a tent because I can live in it and outside is dangerous. Then, I will bring a jacket because it is cold there at night. I will bring these things because they are useful.

I will make a "SOS" signal on the island, chat with the animals and pray. I will also look at the stars and I wish I can go home soon.

I will be lonely when I am alone because I will miss my family very much.
