My Coolest Avatar!

I have an Avatar. Her name is Liza. She is nine years old. She likes to dance.

First, I want to talk about her appearance. She has long, black hair. She has two black eyes. She has a smiling mouth. She is of middle height.

She is nice and helpful. She always helps me to clean the house. She also helps to sweep the floor, make the bed and clean the toilet and kitchen. She often says “good morning” to me. She also says “thank you” when I give her a gift.

Then, I am going to talk about her hobbies. She always plays the violin. She sometimes plays badminton with her friends. She seldom cooks some yummy food for me. She has some superpowers too. She helps me to catch the bad guys and call the police. She can also fly to the places I want to go, that’s faster than all types of transportation on Earth.

I like her because she can help me to do a lot of things. We are best friends forever!
