### A day out with my family

Today the weather was great for a barbecue so my family and I went to Ma On Shan Country Park. We put some sausages, chicken wings, meatballs and some bananas in the bag.

When we went there, we started to barbecue. We cooked the sausages first because I was hungry. While we were cooking the sausages, some hungry monkeys were looking at our bananas. But we didn't know it. Suddenly, a monkey ran quickly to the bag and stole it. Then the monkey gave it to another monkey. Soon my family and I saw it. "Oh my god! The monkeys steal our bananas!" mum yelled loudly.

Then I chased the monkeys for the bag immediately. I caught the monkey but it didn't let go the bag. We were both holding the bag tight. Finally the monkey let go the bag but it took the bag back and flew it in the barbecue pit. The bag was burnt in one second and no more yummy bananas left! I was angry with the monkeys.

After that we left Ma On Shan Country Park and went home. We never went there again.
