

Junie B is one of the characters in the book called “Junie B., First Grader, Cheater Pants”

She was very slim and had a small mouth. She had a very harmonious family life. She had kind and understanding parents.

However, she was a dishonest girl who always cheated. Once, she copied Mary’s homework! So her teacher, Mr Scary, told her parents about it. Although Junie B did wrong, her parents didn’t punish her. They explained to Junie B that she shouldn’t be dishonest.

Since then, Junie B became a very honest and caring girl. Also, she started writing diary every day. It was because she wanted to record some fun and special things.

I love this meaningful story very much! After reading this book, I have learnt that we should be honest. I think it is a very good book so I will introduce it to my friends and relatives!
