### *Book Title: Beating the Bullies*

This story is about a little boy and a little girl called Benny and Susie. Their old friend Judy and her gang were mean. They always bullied Benny and Susie and other children. One day, Benny and Susie saw a notice and they decided to talk to Mrs Jones about Judy and her gang.

The next day, Judy and her gang came to talk to Mrs Jones because some of their friends from other school bullied them. Finally, Judy and her gang said sorry to Benny and Susie. And they became friends.

I like the story very much. Benny was kind. He knew Susie was not happy. Then he wrote a short note to her. I learned that we shouldn't bully one another. We should be nice to each other.
