The story is about the dragon catches Floppy.

At the end of the story Bill Chip and Kipper helped Floppy. When the magic key is glowing, they can go home.

**My new solution and story ending:**

They helped Floppy. But Kipper fell down. The dragon caught Kipper and wanted him to be his lunch. This time Chip and Biff helped him but the dragon was smart so he caught Biff and Chip. Even though Floppy was frightened, Floppy went to help them. Floppy barked at the dragon. Chip and Biff helped Kipper. This time the magic key was glowing. They were safe and they went home. In the home, the children praised Floppy. They were happy.
