

My best friend

My best friend is Ken. He is seven years old. He is short. He likes eating. He also like running. He lives in Ma On Shan. He has many cars.

He is tidy. He tidies his room every day. I play with him. He likes winter best! He usually eats hotpot in winter.

Her mother is a housewife. She looks after Ken's family. His father is a policeman. He catches bad people. He doesn't have any brothers or sisters.

I am happy because Ken is my friend. He plays with me. He is my best friend in the world.
